# SAKAE

THE ART OF SOUND CREATION

## FOLLOW YOUR SOUND.

Sakae is a high-quality drum manufacturer located in Osaka Japan. In 2009, after 40 years of making drums for one of the world's leading drum companies, Sakae launched their original drum brand.

Armed with a passion for craftsmanship, the company's mission is to provide a lasting legacy of premium quality instruments for all musicians.

### Trilogy Series DRUM KITS

Sakae Drums is revisiting a legendary drum sound with the introduction of the Trilogy series. Sakae's proprietary Maple/Poplar/Maple 3-ply shells are at the heart of Trilogy's vintage sound. 4-ply North American Maple reinforcement rings at the top and bottom of the shell help to dry the sustain and keep the ultra-thin shell in round. The Trilogy series is extremely lightweight, making the perfect kit for the classic Jazz tones of the 50's. Sakae's distinctive attack, when utilized with thicker drum-heads, creates the punchy, dry tones of early R&B and 70's Rock.
